No. 7645-56—L. 622, DATED BANGALORE, 6TH OCTOBER 1891

ORDER THEREON.—The Government resolve to review the reports on the Administration of District Funds for 1889-90.

2. The receipts of the year amounted to Rs. 8,90,000 in round numbers but a great portion of it is nominal being the grants made by Government from Local Funds General in previous years, but adjusted in the year under review Excluding grants-in-aid made by Government from Local Funds General and other sources, the revenue of the year amounted to Rs. 5,39,000 which may be regarded as the normal revenue. The bulk of this revenue, *i. e.*, Rs. 4,94,000 was realized in the shape of a cess on Land Revenue, Rs. 34,000 were realized from cattle pounds, Rs. 10,000 were from ferry collections and the rest was realized from miscellaneous sources. The total revenue thus realized from the people whether directly or indirectly for local purposes was Rs. 0—2—0·7 per head of population

3. The sum expended during the year was Rs. 5,41,728 or Rs. 0—2—1·1 per head of population. Of this Rs. 0—1—9·9 was spent for making and maintaining roads for the convenience of the people, Rs. 0—0—1·2 for affording medical relief to the poor, Rs. 0—0—0·3 for affording accommodation to travellers and Rs. 0—0—1·7 for sanitary and other miscellaneous charges.

4. The proportion of expenditure to receipts in each District was as follows:—

No.	Districts.	Percentage of Expenditure.
1	Hassan	143
2	Kadur	134
3	Shimoga	118
4	Chitaldroog	102
5	Tumkur	88
6	Mysore	87
7	Bangalore	74
8	Kolar	64

5. These are the salient points of the administration of District Funds during 1889-90. The Government will now proceed to review the details.

6. The subjoined statement shows the receipts and charges of each District under District Funds for 1889-90 :—

7. The opening balance of 1889-90 differs from the closing balance of 1888-89 by Rs. 2,07,483 as shown in the margin. The cause of this difference is not explained by the Comptroller. The omission should be supplied at once.

10. The receipts given by the Deputy Commissioners do not correspond with those given by the Comptroller. Excluding the special grants, which the Deputy Commissioners have not taken into account, there is a difference of Rs. 63,540 between the figures given by the Deputy Commissioners and those given by the Comptroller. The accounts given by the Deputy Commissioners are in most cases incorrect. In Kolar the Deputy Commissioner has included school fees of Hobli Schools under District Funds instead of under Village School Fund; in Mysore only 76 per cent of the collections from "Cattle fines and sales" and "Miscellaneous" items have been credited to District Funds, while the entire collections ought to have been credited; in Chitaldroog the amounts creditable to Local Funds General, *viz*, 76 per cent of Local Cess on sayer, salt, forests and tolls have been credited to District Fund receipts; in Hassan Rs.68,302 are shown as collections in the abstract statement, while in the detailed statement the same is given as Rs. 62,996; the figures given in the Talukwar statement submitted by the Deputy Commissioner of Bangalore do not correspond with those given in the abstract statement. All this shows the absence of proper scrutiny on the part of the Deputy Commissioners and it must be clearly understood that such mistakes will not be tolerated in future. The Deputy Commissioners concerned are requested to explain the differences fully and to take proper notice of the carelessness of the Clerks who prepared the statement and see that such discrepancies do not recur. For the present the figures given by the Comptroller will be taken to be correct.

11. *Seventy-six per cent of Local Cess.*—The income during 1889-90 was Rs. 4,94,350 or Rs. 39,035 more than that realized in 1888-89. The bulk of the increase is in Kolar, Mysore and Bangalore. In the first two Districts the increase is due partly to the increase in the land revenue and partly to better collections of arrears. The Deputy Commissioner of Bangalore has not explained the cause of the increase, but it is apparently due to causes similar to those above stated.

	1888-89.	1889-90.	Increase.
Kolar ...	58,035	77,891	19,856
Bangalore ...	56,474	65,644	9,170
Mysore ...	80,657	89,238	8,641
Total.....	...	...	37,667

12. *Cattle Fines and Sales.*—The collections under this head show an increase of Rs. 3,865. The realizations from cattle fines in Hassan and Chitaldroog are nearly double of those in any other District. This shows that the people in these Districts avail themselves of the protection afforded by the Cattle Trespass Act more freely than others and the Deputy Commissioners do not consider that the larger collections are due to avoidable causes. The Government note that the figures shown under this head represent the net revenue after deducting the maintenance charges of the cattle pounds. In future the gross receipts should be entered the charges being shown on the side of expenditure.

13. *Grants-in-aid.*—During 1889-90, a grant of only Rs. 82,979 was made from Local Funds General as shown in the margin; but the Comptroller appears to have adjusted during the year under review grants made in the previous years. Hence the large amount of *Rs. 3,50,546 shown under this head. The Government presume that the expenditure incurred from these grants in the previous years have already been shown in the accounts.

17. *II. Repairs.*—The amount spent under Repairs in each District is shown below. Some of the Deputy Commissioners have failed to give the average cost of the maintenance of the roads per mile. In Kadur, it is stated to be Rs. 52 per mile, in Chitaldroog it was Rs. 63 and in the Districts of Bangalore, Kolar and Tumkur it varied from Rs. 70 to Rs. 79—12—0. The average cost is not a great deal too much and the difference in the rates above given is probably due to the character and extent of the repairs executed during the year:—

18. The Deputy Commissioner of Tumkur reports that a road from Bellavi to the 53rd mile stone on Salem-Bellary road was opened by the Public Works Department without the sanction of the District Fund Board and the Deputy Commissioner of Mysore remarks that a sum of Rs. 69-7-5 was expended in the Ashtagram Channel Division for improvements and construction of bridges in the Hinkal Race Course road without the knowledge of the District Fund Committee. The Chief Engineer will be requested to explain how the sums came to be expended without the knowledge and sanction of the District Boards concerned.

19. *III. Establishments.*—Mr. Meiklejohn, the Deputy Commissioner of Mysore remarks that, considering the large quantity of work, the Civil Engineer of Mysore has to do in connection with Provincial roads, buildings, &c., he cannot

possibly efficiently watch 900 and odd miles of District Fund roads in his District; that the money allotted is not spent on the Local Fund roads and that if spent, is wasted on inferior work, as the President of the Board has personally had occasion to notice and suggests the advisibility of allowing the District Fund Board to appoint its own Engineers to attend to the roads and buildings kept up by the funds under its control. The measure proposed is a large one and will be considered separately. There is no doubt that the employment of a separate staff would secure greater promptitude in the execution of works; but it is doubtful whether it would be economical to do so. The Chief Engineer will be requested to favor the Government with his views. The marginal statement shows the expenditure debited to establishments in 1888-89 from District Funds.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 6th October 1891.

21. *Travellers' Bungalows and Musafarkhanas.*—The following statement exhibits the cost of maintaining Travellers' Bungalows and the fees received from travellers. The fees collected, as will be seen from the subjoined statement, are exceedingly small compared with the cost of maintenance. The detailed accounts show that in some Travellers' Bungalows there have been no halts during 1889-90. The Deputy Commissioners are requested to report whether such of the Bungalows which are not at all frequented by travellers cannot be abandoned:—

No.	Districts.	Number of Bungalows and Musafarkhanas.	Cost.	Fee Collections in 1889-90.			
1	Bangalore	2	92	..	...	...	Not given.

8	Chitaldroog	25	874	24	6	10	
	Total.....	150	7,774	...	...	...	

22. In the District of Kolar the fees collected in all the Bungalows appear to be credited to Provincial. This is not right. In future, the fees should be credited to District Funds, from which the cost of establishments is met. In Tumkur, the Taluk Sheristadar of Pavagada is stated to have lived in the Musafarkhana at Pavagada for upwards of 3 months and paid a fee of Rs. 4-9-6. The practice of Government officials occupying Travellers' Bungalows for such long periods is objectionable and should not be allowed in future. In Shimoga District, the Government officials appear to have been exempted from payment of fees for the first 3 days of every halt in Travellers' Bungalows under the Chief Commissioner's Notification, dated 14th February 1876, No. 121; but the Government note that the above Notification has been subsequently withdrawn (*vide* Chief Commissioner's Notification, dated 13th December 1877, No. 298). The Deputy Commissioner should therefore see that for every halt exceeding 24 hours the charges prescribed by Government are levied whether the persons occupying the Bungalows are Government servants or not.

23. In the District of Kadur the cost of the establishments of the 2nd Class Travellers' Bungalows at Balehonnur, Aldur and Mudgere is debited to District Funds, the receipts being credited to Provincial. The charges as well as receipts should in future go to Provincial. No 2nd Class Bungalows are now maintained from District Funds.

24. No account is kept of the number of halts made and fees collected in the 5 Bungalows of the Yedatore and Hunsur Taluks in the Mysore District and in the 14 Musafarkhanas in the Chitaldroog District. In future, Bungalow books should be supplied to the keepers of all the institutions and they should be made to keep an accurate account of the halts made and fees collected from travellers.

Proceedings of the Government of His Highness the Maharaja of Mysore. (Financial),—dated 6th October 1891.

25. *Hospitals and Dispensaries.*—The number of Hospitals and Dispensaries in each District, the charges incurred and the number of patients treated in them are shown in the following abstract statement.

*Kolar District ... Srinivaspur ...
Kadur Do Sulibile ...

Only *2 Dispensaries were newly opened during 1889-90; *two more were sanctioned but were not opened during the year:—

26. The cost above shown is according to the reports submitted by the Deputy Commissioners. The figures given by the Comptroller differ in the Districts noted in the margin. The differences are not creditable to the system of accounts kept. In Mysore the Deputy Commissioner apparently excluded the Maharani's Female Hospital at Mysore from his account, and in Tumkur the Hospital charges are apparently excluded from the Comptroller's statement. Taking the accounts as they are, the cost of treatment per patient is Rs. 0-1-3·09 per head. But it must be stated that this is the cost incurred from District Funds and does not include the portion of the cost borne from Municipal and Provincial Funds. Including the latter the cost per head will be about 2½ annas per head of patient.

3 Mysore	3,350	5,204
4 Shimoga	2,532	2,379
5 Kadur	2,488	3,006

27. *Medical Scholarships and Vaccination.*—The charges incurred under these heads are given in the margin. The payment made on account of scholarships granted to the students undergoing training for the grade of Hospital Assistants were equally distributed among the several Districts in the Province. The only charges at present debited to District Funds on account of vaccination consist of the allowance sanctioned to the Deputy Inspectors of Vaccination, the pay of their Peons and the small sums spent on account of contingent charges connected with the animal vaccination.

7 Kadur	314	72
8 Chitaldroog...	314	77
Total.....	2,512	702

28. *Sanitary Charges.*—The figure shown under this head is stated to include Rs. 209 disbursed in Hassan in 1889-90 on account of the allowance paid to the Gorur Narasimhaswami Temple as compensation for its claims to ferry collections in accordance with the late Chief Commissioner's Proceedings, dated 7th August 1880, No. 2791-9—30. The Government observe that the amount that has to be paid under the above Proceedings is only Rs. 157. The excess payment should be explained and this item should in future be shown under VIII Refunds and not under Sanitary Charges.

29. *VII. Travelling Allowance to Dasara Representatives.*—An expenditure of Rs. 333 was incurred in the District of Tumkur only during the year under review. The circumstances and the authority under which the charge was made should be stated. The Government note that this allowance has been ordered to be discontinued and it has no whereelse been paid.

30. *VIII. Refunds and Miscellaneous.*—In the statement furnished by the Comptroller, an expenditure of Rs. 1,038 appears under this head, while the same is entered as Rs. 453 in the reports submitted by the Deputy Commissioner. The large difference requires explanation which the Comptroller is requested to furnish in communication with the Deputy Commissioners.

31. From the report submitted by the Deputy Commissioner of the Shimoga District, it would appear that a sum of Rs. 132 was expended during 1889-90, on account of furniture for the English Schools at Honnali and Sagar. This is properly debitable to Local Fund Budget (Education Department). The Comptroller is requested to make the necessary adjustment.

32. The other items of charges call for no remark.

33. As French Rocks is a separate Circle and separate Budget is prepared, a separate report for the same should be submitted in future and not included in the report of the Mysore Circle.

I have the honor to forward herewith Copies of letter No 330 Dated 10th Instant received from Mr. Knight, Police Superintendent of this District and to state that that Officer was driven by sheer necessity to occupy a room in the Travellers Bungalow at Hassan as there was no other building available for him in the Town.-

2 — It will be seen from the enclosed

enclosed letter that Mr. Knight made use of the rooms he occupied for holding his office also as no room is available in the office Building for the purpose. No Complaints have arisen on account of any inconvenience to Travellers by Mr. Knight's having occupied the room.—

3— Under these circumstances I recommend that he may be excused from paying the rent now claimed and that his stay in the Travellers Bungalow might be treated as his stay in other Travellers Bungalows.—

To,

The Dy Commissioner,
Hapan District.

Sir,

I have the honor to forward herewith Cons A a Docket together with a bill in original received from the Executive Engineer, Hapan Division crossing from 5th January to the end of September, an account of rent for the room I occupy in the Travellers Bungalow during my stay at Hapan. — Rs 133-1—"

The rate charged is Rs 15 per mensem

mensem my salary having been calculated at Rs 500 instead of Rs 350 only which I draw. I did not occupy the room during the whole of August and up to 21st September for I vacated it entirely on the 1st August as I had to proceed to Bangalore, shortly after and did not come back till the 21st September.-

During my absence from Head quarters I keep no furniture except a chest of drawers and two trunks in the room and it is always available for travellers should the other rooms in the Bungalow be occupied. Besides this I have no office accommodation given me and I am obliged to utilize a portion of the little side room which is never or seldom required by travellers for my office also.-

Yours

Having no house accommodation at Hassan, am obliged to keep all my family at Bangalore where I pay a heavy rent and considering my small means and the extra expenses I am put to in being obliged to keep up two establishments, I shall find it very hard to pay rent at so high a rate for only a portion of a small room which I occupy for not more than 8 days in a month on an average.—

I hear that the Post Office will soon be shifted from the Government building in which it is now located and I beg that I may be permitted to occupy it when it becomes vacant.

I beg to state that after I joined the District I brought to the notice of the Officiating Deputy Commissioner the great inconvenience felt

felt by me for want of office ac-
-commodation and I requested
that officer to give me a room
to hold my office but as no ac-
-commodation was available
I was put to the necessity of holding
office in the room for which
rent is now claimed. I submit
therefore that my occupation
of the room is not for private
use only. I have as a rule, not
not remained at Head quarters
for more than 3 or 4 days at a
time and during these periods
if I had not held my office in this
room I would not have had
any other place to do so and public
work would have suffered.-

I beg to invite your attention
to the existing Government order
which precludes Police Superintend-
-ents from paying rent for accom-
-modation

-pation of Bungalows when out
in the District on duty and as
in this instance the room was
used for a public purpose
also, I beg that the exemption
may be extended to my occu-

Office room is provided and I
am able to procure a Bungalow
to live in.-

Sir,

With reference to your docket
No. 6551/280-92 Dated 12th Instant, regard-
-ing Mr. Knight's occupying the
Travellers Bungalow, I have the
honor to state that the sanction
of Government was not obtained
individually with regard to Mr.
Knight's occupying a portion of
the Travellers Bungalow at Hassan
free of rent. As Mr. Knight's stay
at Head Quarters was only for
a few days in a month and as
there

there was no other building available for him for rent he was driven to the necessity of occupying a room in the Travellers Bungalow, not only for his residence during the short period he remained at Hassan but also to hold his office as no room could be spared in the office building to hold his office. He was coming to Head Quarters more to attend to his office duties than for any private convenience, a fact that clearly proves that his living in the Bungalow was only a secondary consideration.

2 – Under these circumstances, I request that the Concession already allowed to Police Superintendents in Proceedings No 895-905-25- dated (2)

Dated 6th May 1885 may in the
